BEE TRANSLATIONS

LINGUISTIC SERVICES

LET US INTRODUCE OURSELVES

Bee Translations is a translation and desktop publishing company which focuses on specific language pairs. Our linguistic services are combined with personalized DTP solutions, as we know that the presentation is just as important as the message you wish to convey.

Bee Translations was created to stand out from the crowd in the translation market. We focus only on particular specialized services. By doing this we are able to provide our clients with the highest quality products and services.

Our management team is composed of former translators and project managers, so you can relax, knowing that your requests are in the hands of people who are familiar with every step of the translation project cycle. The knowledge and experience we have in this field give us confidence to exceed your expectations by providing you with the best solutions.

All our team members have a mother tongue and a university degree in the target language. This, along with our broad knowledge of the fields in which we work and our comprehensive professional background, highlight us from the glut of other agencies.

Our experience in the translation industry has enabled us to discover the most time and cost efficient strategies to offer our clients, while delivering the highest quality products at competitive prices.

COMMUNICATION

We believe in clear, precise and transparent communication, both internally and externally.

BEE TRANSLATIONS

LINGUISTIC SERVICES

WHY US?

QUALITY CONTROL

Translated documents undergo a thorough internal quality control. Project managers with linguistic background and with excellent command of Spanish, Polish and English are responsible for final sign-off of documents before being delivered to you.

STRICT LINGUIST SELECTION

Experience in the sector allows us to establish a clear and efficient selection system for our external collaborators. Our linguistic team has a broad, documented experience in the relevant content and has passed a strict recruitment process. Our internal evaluation program assures that only the best linguists are part of our business.

STATE-OF-THE-ART TECHNOLOGY

In order to optimize costs and ensure the most efficient project handling, we strive to always be up-to-date and to be using the latest technology. We use a variety of CAT tools and other programs that help us offer the best service to our clients and make the work of our linguists as fluid as possible.

PERSONALIZED SOLUTIONS

Bee Translations guarantees a customized professional service that addresses each of our clients' individual needs, aiming to exceed expectations for each and every project. We offer personalized project strategies in order to accomplish projects and to meet tight deadlines at competitive prices. We select the most suitable options, adjusted to different aspects of the source document, such as its purpose, target audience and end format to ensure these aims are accomplished.
