WE OFFER HIGH QUALITY TRANSLATION

Our experience: Our agency provides written translations of technical, law and medical documentation. We only use educated and experienced translators for all our translations. Many of them are natives of the target translation language. We select professional translators only for your order according your requirements based on his or her language skills, educational background, subject knowledge and experience. All of them specialize in a number of different fields of translation to give the best possible results for our customers.

DTP services in CAT- tools

DTP team has experience required to produce professional-quality localized documentation in any format. We usually offer our DTP services as a part of the complete translation process, but we also offer DTP services for translations done by another agency or third party.

Tools we use: We use cloud **CAT-tools** and **Verifika** which ensure constant high quality of our services.

Price: before arrange a price of our services we use smart tools trying to find similar areas/chapters that we have met and translated before. *So we usually provide discounts for our clients.**

Payments: We work with different currencies using PayPal, Skrill, bank account and others. We are open for negotiations.

Sincerely, Yevgen Vengerenko

Express	Professional The best quality-price	Expert
Recommended for urgent translation of large volumes intended for general understanding of meaning or for internal use. Translation is not perfect from the point of view of stylistics and terminology but its quality is better than that of an automatic translation.	Recommended for the translation of standard documents (business, technical, etc.) intended for a mass audience. It means a professional translation with editing and proofreading.	Recommended to localize marketing materials or translate documents with specific terminology. The best quality of translation is achieved by engaging a dedicated translator and a proofreader, as well as an industry expert or a copywriter
