- ✓ Our translators only translate into their native languages.
- ✓ Our translation teams are generally resident in the country for which the translation is intended, especially if a detailed knowledge of that particular country is essential for an accurate translation.
- ✓ The teams will have specific knowledge of the vocabulary of your business sector.
- ✓ Our standard prices for translation always include proofreading by a separate person, who is also a native speaker. This is essential if the document is for public consumption and not just for internal use
