Company Profile	TRANSCALL is a language service provider specialized in over-the-phone English-Spanish interpretation that guarantees effective communication between your business and your clients; bridging the gap to ensure that both parties have complete understanding of what is being said in their native languages. We pride ourselves in helping our clients with their language needs through professional consecutive or simultaneous interpretation, document translation and transcription services.
Platform	Strategically located in the Dominican Republic, TRANSCALL counts with a state-of-the-art facility with the latest technological platform within the "PARQUE CIBERNETICO DE SANTO DOMINGO", home of very important national and International companies, leaders in telecommunications and information technology.
Special Requirements	TRANSCALL offers equal opportunity of employment and hires interpreters and translators who already have experience or certifications. The qualifying individuals need to pass a comprehensive exam, complete the training provided by our company and comply with Transcall Ongoing Growth Program to ensure implementation of the industry standards and protocols. If you have interpretation/translation experience and want to be part of Transcall growing team, please contact us or send us your resume at transcallinterpreters@hotmail.com.
