Working process

Regarding the working process, Verbalang follows the recommendations established by the UNE-EN 15038 standard for Quality Translation Services, which are:

- > **Analysis of the document** to be translated.
- > **Examination of any documentation** provided by the client to achieve maximum consistency in terminology.
- > **Assignment of the project to a professional translator** from our team, of several translators in the event of large projects. This assignment is done depending on the specialist subject matter of the document, as our team includes translators specializing in different fields (legal, technical, economic and financial, medical, etc.).
- > **Revision of the terminology** to achieve maximum coherence.
- > **Final revision of the translation** to guarantee maximum quality of language and style.
- > **Delivery**, within the deadline previously agreed with the client, of an identical document to the original regarding the layout and contents, and in which the sense of the original document has been reproduced but in another language.

Finally, Verbalang guarantees **maximum security and confidentiality** of the documents to be translated.
