General Information

- Date of Birth: April 27, 1989
- Gender: Male
- Nationality: Indonesian

Summary

I graduated from English Language Education Sanata Dharma University in 2016. I started working at PT Gameloft Indonesia since 2016 as a QA. In 2017, I was transferred to the localization department pursuing my dream as a translator, still in the same company.

Education

Universitas Sanata Dharma
Bachelor's Degree of English Language Education

Graduated June 2016

Employment History

PT Gameloft Indonesia
Quality Assurance

April 2016 - August 2017

As a QA, I was required to conduct a test on several games and file a report regarding any bug found to the developer team.

PT Gameloft Indonesia
Translator

August 2017 - Present

After a year working as QA, I was transferred to the localization department as a translator. As a translator in a game company, I am required to localize texts, in forms of banner, promotional texts, in-game texts, subtitles, etc., from English to Indonesian and also to check the application in the game.

Interests

Language is my main interest as I could behold the society through language. This draws me into what I am now, a translator. Beside language, I am also interested in games. Games provide sanctuary for me, a place to blow some steam off and keep my mind refreshed.
