Scientific Assistant (Project)

Institute for Plasma Research (IPR), 2014-2016

I was working in Laser Diagnostics in IPR. Where my role was Operating and Controlling the Laser Systems(Nd:YAG,He-Ne). Fabrication of Filter Polychromator that we use for Calculating Electron Temperature and Electron Density. I have also made Setup for Speckle Pattern of object and paper surface using He-Ne Laser.

I worked on the setup for Beam Cluster Using He-Ne Laser. Laser Beam Clustering and alignment using He-Ne laser over 30 meter distance. Measurement of beam focusing patterns with different lenses, beam waist measurement, M2 and Rayleigh range.

Testing and calibration of Filter Polychromator

Making experimental setup for testing of the APD on Filter polychromator with five channel optical fiber and pulsed laser.

Having experience in spectroscopic technics.

Teacher (B.T. Assistant)

Jai Sakthi Matric Hr. Sec. School, 2012-2014

I was working as physics and chemistry teacher for grade 9-10. I have used different methodology to teach the subject effectively and conducted practical classes also.
