M@MANUELFERNANDEZ.ME

Spanish to English translator • Specializing in medical and legal translations • Bachelor's degree in Biology • 20 years' experience • Certified medical interpreter • Certificate of Completion from a course in legal translation and interpretation

EXPERIENCE

Language Line Services, Monterey, CA. (the company is now called **LanguageLine Solutions**)
1996-2015

Interpreter for communications between individuals and professionals at:

- **Medical & Healthcare Facilities** (hospitals/clinics, physicians' offices, laboratories)
- **Courts & Legal Entities** (court interviews, hearings, and court proceedings)
- **Government & Business Entities** (FEMA, Medicare/Medicaid, Microsoft)
- **Financial & Insurance Institutions** (IRS, banks, stock brokers, auto and life insurance)

What I learned from this experience besides the practical discipline needed to get a collaborative job done well and the knowledge that comes from thousands of hours interpreting my two languages across all fields I learned that humility, respect, and hard work are paramount for right livelihoods.

EDUCATION

UNIVERSIDAD INTERAMERICANA RECINTO SAN GERMAN, P.R. — **DEGREE**

MIAMI DADE COMMUNITY COLLEGE, MIAMI, FL. — **CERTIFICATE**

GOALS

Work diligently on the transition from interpreter to translator. Accept only jobs that showcase my dominant language (Spanish to English.) And focus more on medical and legal translations, while still working other fields.
