Summary

Applying for: Bosnian, Croatian, Serbian language, for both, moderation and engagement work. I am currently based in between cities (Bihac, Bosnia and Herzegovina and Vienna, Austria). Like any other millennial I am immersed in social media although since my kids arrived to this world I am much more aware of my social media usage. I was drawn by the fact that I could work with people from all over the world, from my own home and still have time to play with my kids.
