OBJECTIVE

- Seeking an adjunct teaching position, to facilitate courses in the faculty of Computer Engineering.
- Seeking the position of IT project manager.

EDUCATION

Computer Engineering, Master of Engineering   June 2004 – June 2008

Chiangmai University, Chiangmai, Thailand

GPA 3.06/4.0

Studies focused in optimization algorithm, computer network and biomedical engineering. Thesis title: "Performance of Bacteriologic Algorithm in Path Finding of Wireless Sensor Network".

Computer Engineering, Bachelor of Engineering   June 1994 –June 1998

Khon Kaen University, Khon Kaen, Thailand

GPA 2.27/4.0

Preferred in Computer Network, Signal and System and all electronics hardware design. The final project was the implementation of MATLAB to create the laboratory of Signal and System.

EXPERIENCE

IT Business Manager   Nov 2009 – Present

B.E.S.T. Limited Partnership, Chiangmai, Thailand

Manage the organization which provides the IT services consisting of PC services, communications such as cabling and setting up the configuration of related equipment (Router, Firewall, IPS, etc.). Provide the complete project management begins from collecting customer's requirements until project completion.

Lecturer   June 2008 – Nov 2009

North-Chiangmai University, Chiangmai, Thailand

Responsible the class lecturing for Computer Engineering students, examination and grading. Researched in optimizations and communications with produced the conference papers. Provided the suggestions for the consultants about the bachelor's degree final project

System Engineer   September 2000 – August 2004

SVOA PLC., Bangkok, Thailand

Conducted the IT technical supports, planning, equipment installation and troubleshoots. The products consisted of Symbol's wireless system, Cisco routing and switching, digital CCTV products.

TRAINING, CERTIFICATES and ACTIVITIES

Trainings
- Symbol PDA Programming Training (Symbol Technologies–Singapore–2000)
- Symbol Wireless Expert Training (Symbol Technologies-Australia– 2001)

Certificate
Cisco Certified Network Associated (CCNA) – 2002

Conferences Papers
- "Performance of Bacteriologic Algorithm in Path Finding of Wireless Sensor Network", WANCA, 2008
- "Cluster-Based Routing using Bacteriologic Algorithm", ICCET, 2010

Book Translation
- "Schaum's Outline Theory and Problems of Software Engineering", ENG-THAI, 2010.
- "Practical MATLAB Basics for Engineers", ENG-THAI, 2011.
