

SAFIR
Linguistic Centre

Russian Linguistic Centre “SAFIR” is a Russian Translation Agency that is developing rapidly in Kazan. We exist at the World Translation Market since June, 2009 and gained strong positions there. During this period such organizations and companies as The State Historical-Architectural and Art Museum-Reservation “The Kazan Kremlin” (Kazan, Russia), M+W Process Industries GmbH - A Company of the M+W Group (Stuttgart, Germany), Secheron SA (Switzerland) and many others used our services successfully and became our constant clients.

Russian Linguistic Centre “SAFIR” provides a wide range of services in fields of written translation for technical literature, fiction, scientific literature from foreign languages into Russian, Eastern languages (Tatar, Arabic, Turkish, etc.) as well as popular traditional European languages and languages of CIS countries.

Our Principals: Our main principles are based on personal approach to the client and careful selection of the translator who is the subject matter expert for this project. We provide the test translation executing that is obligatory for each large project. It is to be done in order to provide the project with specialists of high qualification and skills complying with requirements of terminology and stylistics.

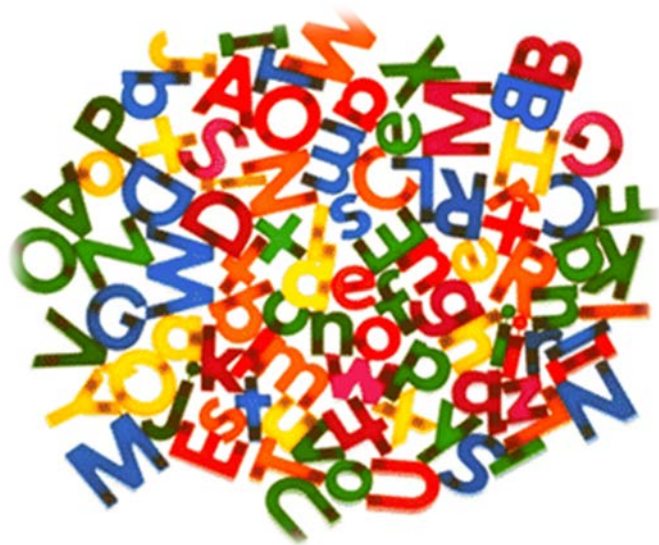

Our mission:

We erase the language borders for business!

Our Company offers you a multi-pronged approach to solving your communication problems while entering a Russian and International Markets, creating the design of representative documents and brochures, and presentations.

Using our services you will receive not only a wide range of translation services, but you will save time and money for design of drawings, brochures, manuals, handbooks.

We invite you for cooperation and we are ready to use all our accumulated experience and know-how for your benefit and successful working in Russian Market.
