

Dear Team,

Greetings from Maple Localization Solutions.

Maple Localization provides linguistic related solutions for our valuable clients. We have a wide range of native resources to meet all your business needs for **Localization, Content Creation and Creative Services**.

Maple Localization converts your potential thoughts into all widely spoken languages around the globe (**Indian, South East Asian, Middle East, European & African**), including content creation & creative services to fulfil all your marketing communication needs.

We have been in the industry for the last two decades offering all **Localization services** such as **Translation, Editing, Proof-reading, Transcription, Transcreation, Voiceover, Subtitling, DTP (Desktop Publishing)**. Additionally, we provide **Creative Services** such as **Brochure designing, Logo designing, Marketing collaterals, Graphic designing, Advertisement, Animation, Presentations** as well as **Video Production for Promotional and Learning activities**.

Maple Localization also helps you in content creation services in areas such as **Websites, Blogs, Case studies, EBooks, Reports generation, Template design, Storyboarding and Info Graphics** through our content creation expertise.

Our vision is to provide digitalized and ready to use content related solutions to our clients. Maple Localization is ready to offer you, the best service at a very competitive cost within the best turnaround time to match your urgent & immediate needs.

Mark your global identity & presence with a local approach to your target clients.

Looking forward to a strong professional collaboration with you.

Best Regards

Vishal Sharma
