

Company Profile- Shivay Translation Services

Shivay Translation Services is the fastest growing major language service provider in India with roots in Pune, Maharashtra. We are multilingual translation provider for professional language translation services by native translators in all the major Indian and foreign languages. Specializing in Translation, Transcription and Interpretation where accuracy and subject matter expertise are paramount.

With high zeal and enthusiasm, we are committed to provide smooth translation services with complete translation expertise, technology and management, to your projects. We firmly believe in quality, service, on-time delivery and fair pricing policy.

We engage with only the best professional native translators. Translators are our assets. To get quality output and save time, our project services team ensure that translators get all documents and source files reviewed to avoid back and forth during translation. This has resulted in meeting quality standards and timely delivery at all times.

Major Services Offered-

- 1) **Translation**- *We are backed by a team of learned language translators in India, who have a rich experience in translating documents from one language to another. From financial to medical to automobile and IT sector, these professionally trained experts can translate any document.*
- 2) **Transcription**- *We provide premium quality transcription services for media recorded in almost any foreign language*
- 3) **Interpretation**- *There are different types or modes/ modalities of interpretation through which any interpreting session is conducted. We have the talent and expertise to provide quality interpretation for all such types of interpreting*
