## PROFILE

---

Legal Professional with 13 years of experience in Multinational Company. Contract drafting, revision and analysis is my specialty. I have worked for top companies like IBM, Oracle and British American Tobacco. I am fluent in English Spanish and French. I can provide Legal Services customized for your specific needs. Legal Professional with 13 years of experience in Multinational Company. Contract drafting, revision and analysis is my specialty. I have worked for top companies like IBM, Oracle and British American Tobacco. I am fluent in English Spanish and French. I can provide Legal Services customized for your specific needs.

I am specialized in elaborating Contracts. As part of the Legal Department for BAT, I constantly reviewed, drafted and approved marketing, financial, advertising, human resources, services agreements and many more types. The agreements ranged from being Inter-Company, or with an external provider or third party supplier, from specific needs to general needs. I held this position for about 6 years, and I believe I can find the contracts to fit your needs and customize it to your requirements.

I am from Costa Rica, have graduated from a Post Graduate in Madrid, Spain,. I am currently employed in an Insurance company, reviewing documentation and advising prospective clients. My last job as in IBM as a Contract Commercial Manager.

I have my own Translation and Legal Services Company ( LATS Professional Services), which is a startup and I have worked for Australian, Spanish, English, US, Argentinian and Costa Rica clients. Thank you
