

Anant Vats

Freelance linguist

English<>Hindi, Native language: Hindi

I am a trained engineer. I completed my B.Tech. in Information Technology but declined job offers in the software industry to pursue my passion for languages. I am working as a freelance translator for the past three years. I enjoy the freedom and creativity this offers me while leveraging the skills I learnt as an engineer.

Experience

○ Freelancer

2019 - 2022

- Replicated flow, style and overall meaning of original texts.
- Reviewed final work to spot and correct errors in punctuation, grammar and translation.
- I am currently working as a reviewer for software translations by another translator.
- I have translated several articles on technical and social issues for various journals and websites.
- I can work with latest SDL Trados Studio but I am confident of learning other CAT tools very quickly.

Skills

- Fluent in Hindi and English
- Effective Communication
- Proofreading skills
- Attention to Detail
- MS Office
