- ➢ Cisco ID   : **CSCO14063181**
- ➢ Valid till   : 25th October 2024

Physical Location:

➢ Mumbai Only or
➢ Work From Home.

Project Details:

➢ Project Name: **VIRTUAL TOUCHSCREEN FOR ROBOTICS NAVIGATION**
➢ Team size : Four members
➢ Description: Virtual touch screen is the advance technology this technic is not only applied for robotic purpose it can be implemented on bus, train, industrial purpose our main aim behind this

Project is to implement new technology for robotic navigation which can be useful for future. Virtual touch screen mainly based on RF sensors which will be work on logic1 & logic0.
We have also implemented robotic arm. As it say virtual touch screen we are not using any type of touch screen in this any surface will act as a touch screen like table.
The purpose of system will use RF sensors (RF transmitter & receiver), if we put the finger according to that finger movement sensor will detect according to logic 1 & logic 0 and will move either forward or reverse and left or right. The system will use total 12 sensors 3 on each side of screen. The command (forward, backward, left, right & stop) then transferred to the robot using radio link.

Extra Curriculum Activities:
➢ National level hardware project participation.
➢ Playing & Watching cricket, Riding Bike.
➢ Completed Industrial Automation at precon automation thane. which includes control panel, plc programming, AC Drive SCADA,HMI and Preparation of GA Drawing. Designing of Control & Power Diagram. Converting Cad Drawing into PDF.

Personal Profile:

Date of Birth   **:** 14th NOV 1990
Marital Status   **:** Married.
Nationality   **:** Indian.
