## Objective

Looking for befitting online job to fill my leisure and to earn money. The job should better be engrossing/ innovative/ creative/ interesting and rewarding enough.

## Skills & Abilities

Having a flair for language and literature, I hold a personal high opinion about my written communication skill, negotiation, rationalisation, argument and convincing power. I am still very curious, inquisitive and flexible in attitude to keep myself attuned with latest development in scientific and literary world. I compliment myself in my ability to cope with unheralded and demanding situations. I am true and loyal to my commitment.

## Experience

Presently I am engaged for 11+ years as an administrative officer in Panchayat & Rural Development Department of the Government of West Bengal.

Before I worked as officer in Correctional Homes for about 2 years.

I also worked on short-term basis at different Engineering Firms specializing on air-conditioning and refrigeration.

## Education

I secured top rank at my 10<sup>th</sup> level exam from my district, with top-30 rank in West Bengal. I did my 10+2 level study from Belur RK Mission institute. I had my Bachelor of Engineering degree in Mechanical Engineering from NIT, Durgapur. I also had short stints at premium institutions like Presidency College and Jadavpur University.

## Passions

Teaching and training, reading scientific books in higher Physics, poetry and literature, painting and fine arts, music and movies, games and sports etc etc.
