Objective

To serve with sincerity and passion by utilizing skills and efforts to achieve the specified targets, more specifically in the fields of teaching languages, exploring literature and doing translation etc., and to enlighten the carrier with the given opportunity.

Skills & Abilities

Passion for literature and ability to learn different languages made me able to learn respective societies and to admire their distinguished cultural beauties. That is why did masters in English Literature and Linguistics, due to its scientific methodological treatments of genres along with critical assessments, and applied it to other languages for better understanding.
