OBJECTIVE

I graduated from Camillo Golgi linguistic high school linguistic in Breno (BS), currently I'm attending the faculty of languages at the University of Bergamo. During the academic year 2020/2021 I have had the opportunity to attend the university of Cordoba (Spain) thanks to the Erasmus project. My only work experience in contact with foreign people has been given to me by high school on the occasion of the International Congress on Archaeology that was held in Boario in 2018. I speak fluent English and Spanish, but I have basic knowledge of French and German. I would like to work in contact with people to expand my skills and experiences.
