Soldier

Primeiro Centro de Geoinformação | Porto Alegre, Brazil

- Brazilian military training, firearms and shooting instruction, and map vectorization.

February 2017 - Current

Translator

Freelance | Itapema, Brazil

I bring with me a solid 7 years of experience in translating from English to Portuguese. During this time, I have had the privilege of working on various projects, including the translation of mangas and manhwas, where I refined my communication skills and cultural adaptation.

I would also like to highlight my experience in real-time translation from English to Portuguese, especially during my 3 years as a translator in an online game. In this context, I was able to develop an agile ability to interpret and convey information accurately and efficiently to Brazilian players who did not speak English.

Furthermore, since 2021, I have been active in the cryptocurrency market, where English is crucial for keeping up with the latest trends and effectively communicating in a global environment. This experience has provided me with a deep understanding of the technical nuances and specific terminology of this field, further enriching my language skills.

February 2024 - Current
