Work Experience

Russian German and Spanish Translator

The R Project for Statistical Computing/Mac GUI computer Software Program - Remote
May 2024 to Present

I'm a contributor to the The R Project for Statistical Computing/Mac GUI computer software program. I translate the software computer program from English into Russian, German, and Spanish. I also fix Russian, German and Spanish translation errors within the computer program. This is volunteer work and I don't get paid to translate. Here is my profile <https://translate.rx.studio/user/Meeko28/>
I use the translate rx studio to help me translate the computer software program.

Russian Translator (Contributor to Project)

Owncloud
April 2024 to Present

I'm a contributor for the OwnCloud software program. I translate the software program into Russian using the Transifex translation software. This is not a paid job

German Translator (Contributor to the Project)

Corejooma
April 2024 to Present

I translate the software program into German using transifex translation software. This is a non-paid job.

Proof reader for Russian German and Spanish (Volunteer work)

Www.lingosaur.com - Online
December 2023 to Present

I look at documents that other translators translated and rate how well they did with their translations in Russian German and Spanish. I also look to see if they made any spellings errors.

Senior Russian Translator

Www.Lyricstranslate.com - Anywhere
August 2023 to Present

I translate Russian music lyrics into English, but it is only volunteer work. Here is my profile with all the songs I translated.
