A highly skilled and experienced DELTA Qualified Teacher looking for a position online. After 22 years of excellent customer service I believe I can positively contribute to the success of your enterprise. During my degree, I have developed an excellent eye for detail due to the heavy demands of assignments and research. As a result, I am also able to work under pressure, and I am especially proud of my punctuality with deadlines. During appraisals my managers believed I was conscientious and industrious and have always mentioned my entrepreneurial spirit, my passion for innovation and initiative and attention to detail as my strengths besides my 'nothing is impossible' attitude.
