

PROFILE

Passionate BCs Electrical and Electronics Engineering student in UCSI University, currently in second year

with a CGPA of 3.01 predicted to make it excellent due to the improvement in my studies.

An active member of the logistics department of SPE (Society for Petroleum Engineer) which is one of the bests clubs in my university. Passionate about music, football and drawing art. A reliable teammate with a positive communication style, flexible to cooperate with classmate to complete school projects.
