Tan Binh, Ho Chi Minh City 📍

Undergraduate student majored in Computer Science, passionate in database management and frontend developing, have major understanding in C++, basic in Python and Javascript, strong English interpretation and technical writing skills. Experienced in leading positions with strong bonding and team-work skills. Highly enduring under prolonged pressured environment. While not yet highly experienced, I am eager to learn and apply my knowledge, with a strong awareness of my role and responsibilities.

EDUCATION

College (2019-2024(expected))

Ho Chi Minh University of Science (HCMUS), Faculty of Information Technology (FIT), Advanced Program in Computer Science (APCS). Took IELTS test with a certificate band of 7.5.

High school (2016-2019):

Nguyen Khuyen private high school (Ho Chi Minh), known for its harsh and pressured educational environment with day-long schedules.

Spent 2 years in English intensified class with specified training for the IELTS test (only 2 out of 10+ classes of each grade whose curriculums include both conventional English classes and IELTS specified classes taught by experienced native English-speaking teachers).

Took IELTS in 11th grade with a certificate band of 7.0.

Middle school (2012-2016):

Nguyen Gia Thieu high quality middle school (Ho Chi Minh) (not high quality anymore now)

Spent 4 years studying in English intensified classes (only 4 out of 10+ classes in each grade, with teaching involving Cambridge's Solutions textbooks and native English-speaking teachers), have interacted with many native English speakers since.

Elementary school (2007-2012):

Banh Van Tran elementary school (Ho Chi Minh City)

Spent 5 years in English included classes (only 2 out of 10 classes in each grade have English teaching).

Completed Cambridge's English degrees Movers and Flyers by 5th grade with the score band of 15 and 14 respectively, and passed A2 KET later that year.

EXTRACURRICULAR ACTIVITIES

Joined several summer camps at Thanh Da in middle school, took 2 military semesters and 2 experiencing journeys organized by Southern Youth Center from 2016 to 2018, took many leader positions throughout the courses.
