Personal Advantages

Currently attending the University of California, Davis and graduated from Macco. Strong communication skills under pressure, excellent oral and written English, correct attitude, not afraid to take on hard work.

3. Proficient in Microsoft Office software, including word, PowerPoint, Excel, MS OneNote, Tencent Documents and other office tools. I Master basic Python and Java programming languages and have computer programming skills. In data processing, proficient in using Excel and Google Sheet for data statistics, processing and analysis, as well as data visualization. I have a keen interest in psychology in high school and university, and have mastered basic theoretical knowledge and application through the Advanced Placement in high school Psychology and the first course of University Psychology.

I have a certain understanding of image and video processing software such as PhotoShop and clipping, and am familiar with graphic design and video editing tools such as Adobe Illustrator and Premiere. Be able to effectively handle various office and data tasks through the application of these skills, and have picture and video processing capabilities to provide all-round support for work.

Be an excellent team player with strong team spirit and social skills. At school, I actively participated in photography classes, calligraphy club, and the school badminton team for two consecutive years. At the same time, I worked as a behind-the-scenes dresser in an opera troupe and assisted actors in preparing for the stage.

During the school, I participated in the online volunteer English teaching project, carefully prepared lesson plans, class slides and course content, and devoted myself to the training practice for one month. Participated in various public welfare activities and accumulated 100+ hours of credit hours. In addition, I have won the runner-up of badminton in state and district, and won the coach award awarded by the school.

Won the first prize of 2024 IFBS National College Students Business English Competition, the first prize of 2024 UAD Cup National College Students Urban Environmental Protection Knowledge Competition, and the first prize of College Students Mental Health Competition.
